SKILLS

- **Programming Languages:**
- **C++, Python, SQL, HTML5, CSS3, JavaScript.**
- **Core CS Concepts:**
- **Data Structures & Algorithms (DSA), Database Management Systems (DBMS), Operating System Mechanics, Object-Oriented Programming (OOP).**
- **Tools & Technologies:**
- **SQL / SQL*, Google Colab, Ubuntu / Linux environment, Git & GitHub, MS Office Suite.**
- **Soft Skills:**
- **Problem-Solving, Algorithmic Thinking, Technical Documentation, Team Collaboration & Presentations**

LANGUAGE

English

Urdu

Arabic

PROFILE

CS undergraduate skilled in C++, Python, SQL, and Web Development. Strong foundation in Data Structures and DBMS, with hands-on experience in building browser extensions and database projects. Passionate about problem-solving and software engineering.

EDUCATION

Bachelors in Computer Science

Qarshi University,Lahore

2024 - 2028

Intermediate with Biology(FSc pre-medical)

Kips College

2022 - 2024

EXPERIENCE

Zen Glitch – Anti-Procrastination Screen Overlay (Chrome Extension)

- Tech Stack: HTML, CSS, JavaScript
- Designed and built a customizable work-break timer Chrome extension to manage productivity and prevent procrastination.
- Implemented interactive UI/UX components, ambient sound integration, and dynamic screen-locking overlay scripts.

Database System & SQL Querying Module

- Tech Stack: SQL, DBMS Concepts
- Modeled relational database schemas, designed ER diagrams, and wrote complex SQL queries for data extraction and joins.
- Applied normalization techniques to optimize table structures and eliminate redundant data.

Data Structures & Algorithm Implementations

- Tech Stack: C++ / Python
- Developed custom data structure solutions including Huffman Tree encoding/decoding calculations, sorting algorithms, and tree traversals.
- Optimized time and space complexity for various algorithmic tasks as part of coursework logic design.
